

BLUEPRINT FOR DEVELOPING A COMPREHENSIVE, ETHICAL, BIO-PSYCHO-SOCIAL ASSESSMENT

3 Continuing Education Credits - Ethics

Developing a full, culturally competent assessment that truly represents a client is often a difficult task that is generally done in a very short time.

- Background & history
- Presenting problems
- Using screening tools
- Addressing symptom severity, prevalence, and start
- Cultural competence
- What to ask and how
- Supporting diagnoses through narrative

This course is \$99 and is great for newer and fully licensed professionals that would like to deepen their understanding of how much information one can gather from a client, driving deeper understanding, better case conceptualization, more individualized treatment planning and intervention, and truer diagnosing.
